

## Ministerial Advisory Council on Disability 2016 Annual Work Plan

### Priorities

Priority Area 1 – NDIS in WA Consultation and Engagement	Objective
Community conversations	To review the theming of submissions made during the NDIS consultation and provide oversight of the process.
Priority Area 2 - Health	
Listening to the voice of people with disability	To discover, in partnership with the Disability Health Network, to what degree and how effectively the health sector hears and understands the needs of people with disabilities and to make recommendations for improvements where necessary. For example, the DAIP committees, Consumer Advisory Councils, WACHS Advisory Council, etc.
Priority Area 3 – Employment and Training	
DSS National Disability Employment Framework	To analyse the Commonwealth Department of Social Services' Employment Framework (final document) and to consider within the Western Australian context.
